IS BULLET PROOF

BOAST OF SEATTLE MAN WAS PUT TO THE TEST.

HAD BEEN SHOT BEFORE

After Accumulating a Bullet, a Puncture and Yards of Gauze, Sheldon Was Still Much Alive.

The following account of the accidental shooting at Seattle, Wash., in which Orville B. Sheldon, son of Mr. and Mrs. E. B. Sheldon of this city, was the victim, will be read with interest by friends of the young man here:

O. B. Sheldon, residing at 3927 Eleventh avenue Northeast, boasted early yesterday evening that he was bullet proof.

Three minutes later he was en route to a hospital suffering from a gunshot wound in the head.

Three minutes afterward he toddled blithely homeward with more than two-thirds of his boast apparently justified. True, he had accumulated a bullet, one neat puncture and many yards of medicated gauze, but he was very much alive and will remain so, say the amazed physicians.

D. P. Mahoney of 1718 Twelfth avenue South admitted to the police later that he was the shooter, but was released on his personal recognizance when Sheldon, the shootee, announced that he would not prosecute.

According to Sheldon's story to the police he stopped at Mahoney's fruit store at 1201 First avenue South to purchase a bottle of milk. He declared that while being waited on he turned to watch a pedestrian earnestly pursuing his hat, which had been blown off by the high wind, and that when he turned to Mahoney he found himself facing the muzzle of a revolver.

"Put 'er down; I'm gunproof," shouted Sheldon gayly.

The next moment he lay on his back on the floor with a bullet somewhere in this thought factory. The police ambulance removed him to the receiving hospital, where the wound was dressed. The bullet had entered the face on the left side, ranged upward and lodged in the skull near the top of the head. Much to the surprise of the physicians, Sheldon insisted on pursuing his homeward way, declaring that now he knows he is "gunproof."

Mahoney told the police that he was cleaning his revolver and pointed it at Sheldon in fun, not knowing that it was loaded. As Sheldon's sense of humor permitted him to see the joke, the police decided not to interfere with a perfectly good "wheeze" and instructed Mahoney to take the home trail.

Mr. Sheldon has been in Seattle for some time past and makes his home with Mr. and Mrs. Elihu Jones, formerly of this city. Three years ago February 3, while Mr. Sheldon was employed as a jeweler at McLouth, Kan., he was held up one night on his way home and narrowly escaped being shot to death. The pin on his vest caused the bullet to glance, inflicting only a slight flesh wound. This experience is what Mr. Sheldon had in mind when he boasted to his friends at Seattle that he was gunproof.

The accident referred to by the Seattle paper occurred Saturday night, March 29. Mr. Sheldon's parents did not learn of it until the following Wednesday, when they received a brief account of the affair, but did not get word until Monday that their son was out of danger. Orville was able to write a short account of his condition to his mother, and began by saying:

"Once more I have pulled through a shooting by the skin of my teeth. After I had emergency treatment my physicians brought me to the Noble hospital, where the bullet was extracted. It was from a 38-calibre revolver. In entered the thick part of my upper lip, passing by the division of the nostril, then horizontally through the thick part of my left cheek, grazing the temple, and lodging against the skull bone on the left side of my head. The doctors say they don't know how I escaped being killed instantly. They have a double drainage fixed, so there is no danger of inflammation setting in. I am being fed by means of a tube, so don't worry about me, for I believe I will get along all right."

Mrs. Sheldon received a message Tuesday morning from the attending physician saying they regard Mr. Sheldon's condition as much better, and believe him out of danger.

Mr. and Mrs. B. H. Wilson and Thomas Surplus of Gaynor City were in Maryville on business Tuesday.

WRITES OF ST. CHARLES.

Dr. Gertrude DuVall, Formerly of This City, Tells About the Town She is Located in Now.

Dr. Gertrude DuVall, formerly of this city, has written the following letter to The Democrat-Forum:

I certainly enjoy my daily letter (The Democrat-Forum). Being in a strange town and away from home, I appreciate the paper more. I am doing very nicely here in my profession and like old St. Charles very much, although it is not as up-to-date in many ways as Maryville, being such an old town. The first session of the legislature of Missouri met in St. Charles in 1822, and the old building where they met is still standing, and occupied most of the time. It shows age, but is well preserved. I believe St. Charles was the capital of Missouri at one time. St. Charles has many advantages, being so close to St. Louis that it takes only an hour and a half to be in the heart of St. Louis on the electric line, and the scenery between here and St. Louis is certainly beautiful, as most everybody seems to take pains in making their homes and farms look nice, and the different stations along the line are very nice.

This is an educational town, having two public school buildings, St. John's school, German Lutheran, English and German parochial school, Sacred Heart convent, two good colored schools, the St. Charles Military college and the Lindenwood College for girls. Lindenwood is now an accredited junior college and is certainly a grand school for those wishing to do high school work or the first two years in college work. The buildings are large and well equipped in every way and situated on a knoll of 131 acres, making beautiful campus ground, also so healthful and thoroughly enjoyed by the girls. From the art rooms one can gaze across the Mississippi river and see Illinois. The girls who attend here can do more work with less nerve strain, owing to the beautiful location, quiet surroundings and with teachers of years of experience and the additional advantages of St. Louis, and particularly the musical (the Symphony). The social life at Lindenwood is enjoyed by all the girls, and they certainly have grand times. My daughter, Cornelia Hurst, is doing high school work at Lindenwood. We have many churches, paved streets, electric lights, water works, gas, and the Roberts, Johnson & Rand shoe factory, that employs about 120 men and women, and the American Car and Foundry company, that in full working order employs 3,000 men. St. Charles has about 15,000 inhabitants, and has a fine court house, nice new jail and government postoffice, four good banks with over \$4,000,000 deposits.

The Wabash bridge that crosses the Missouri river going to St. Louis is three miles long and gives one a beautiful view of the surrounding country. We enjoyed greeting the Missouri Ladies Military band both going and coming from Washington, D. C., as we formerly belonged to the band.

EQUALIZATION BOARD RAISED FARM VALUATIONS.

ACT ON 4 TOWNSHIPS THE WHY OF POOR OATS

Action Taken on Grant, Lincoln, Hughes and Atchison—Others to Feel Hiking Process.

The county court, with County Surveyor Reese and Deputy Sheriff Callahan is meeting this morning as a county board of equalization for the purpose of fixing the assessment for the 1913 taxes. On Monday afternoon and Tuesday the board was going over the assessors' books of the different townships in the county, and many tracts of real estate were raised.

In Grant township the board raised the real estate assessments of the following who are owners of farms in that township: M. M. Callahan, three tracts of land raised; W. B. Lucas, Catherine Callahan, O. Dowell, M. Egan, John Stundon, J. C. Curnutt, Campbell & Pollard, A. Sell, J. E. McFarland, Allie Wood, three tracts.

In Lincoln township the following real estate assessments were hiked on farms: Albert Teuscher, J. M. Ecker, C. R. Lamar, two tracts; E. M. Bailey, M. M. Dilley, E. T. Bailey, L. E. Carpenter, George Colvin, Francis Colvin, Jeff Colvin and Ed Adkins.

Hughes township land owners' assessments were also hiked up by the board. The following are those whose assessments were raised on real estate in that township: Charles Wells estate, G. J. Coler, W. H. Anderson, two tracts; R. B. Gex, three tracts; John Hanson, D. A. Gelvin, two tracts; A. C. Snyder, Sam Hayworth, L. E. Galbraith and N. Helzer.

In Atchison township the following land owners' assessments were raised. Jacob Linebaugh estate, W. S. Pollock, J. F. Robb, two tracts; P. L. Holbrook, W. L. Webb, three tracts; Fred Olmstead, W. M. Jeffers, G. M. Lock, J. E. Cylmens, J. G. Johnson, Asa Porterfield and T. D. Garrett.

The assessment of the country real estate in Union township was raised 20 per cent.

IN CITY POLICE COURT.

Bertha Kelley Given the Limit for "Street Walking"—Another Kelley Fined for Assault.

Bertha Kelley was arrested Monday night on a charge of "street walking," and in police court Tuesday she was fined \$100 and costs by Mayor Robey when she pleaded guilty to the charge. She will probably have to lay out the fine in the county jail, as she is unable to pay the same.

Another Kelley was also arrested Monday, being William Kelley, who was charged with assault on Bertha Kelley. William Kelley, however, is no kin to Bertha. The young man pleaded guilty before Mayor Robey Tuesday morning and was fined \$100 and costs. Mayor Robey informed the young man that if he had pleaded not guilty he would have given the \$100 fine and a jail sentence of three months. Kelley, being unable to pay the fine, will work for the city on the streets this spring.

NO GRADUATING CLASS.

As Barnard Has Added Another Year to High School, There Will Be No Graduates This Year.

The Barnard high school will have no graduating class this spring, owing to the fact that another year has been added to the high school course, which will necessitate the present class remaining another year before graduating. The Barnard high school is an accredited school of the third class, was inspected this year and reclassified, also it has met already the requirements necessary to secure state aid for next year. Prof. D. D. Hooper is the principal of the high school.

WAS SENT TO THE ASYLUM.

Elvira Harriett of Hopkins Tried for Sanity Before a Jury in Probate Court Monday.

Elvira Harriett of Hopkins was tried before a jury in probate court Monday afternoon and the jury that heard the case brought in a verdict that she was insane, and ordered her sent to the asylum at St. Joseph. Mrs. Harriett has been in the asylum before, many years ago. She had displayed signs of being mentally unbalanced for some time, but she did not become violent until last Saturday. Sheriff Wallace took the aged woman to the asylum Monday afternoon.

Will Sell Sunbonnets.

The Ladies' Aid society of the First M. E. church will hold a sunbonnet sale Saturday at the store of Price & McNeal.

Visiting His Mother.

Mr. H. C. Bower, the west side hardware merchant, is spending the day Tuesday with his mother, Mrs. T. S. Bower of Council Bluffs.

Returned to Kansas City.

Misses Pearl and Bertha Snapp returned to their employment in Kansas City Monday evening. They were called to Maryville three weeks ago by the death of their father, John Snapp. Mrs. Snapp will go to Colorado in a few weeks to remain indefinitely with relatives.

APPEAL THE CASE TO COURT.

St. Joseph Ice Company Suing Harry A Harrison Ice Company of This City.

The case of the St. Joseph Ice and Manufacturing company vs. H. A. Harrison ice company of this city was tried recently before Justice of the Peace Johnson, resulting in favor of the St. Joseph ice company. An appeal was taken by the defendant to the circuit court, which was granted by Squire Johnson.

The suit is for \$55, which the plaintiff alleges is due them on some ice that was shipped to the defendant last summer.

THEY BELONG TO THE FAITHFUL.

Hens of Mrs. Elias Klaas Start the Month of April With a Wonderful Record.

For the first six days of April Mrs. Elias Klaas, who lives just east of Clyde, and probably has one of the most profitable flocks of hens in this section of Missouri, her 160 hens gave her 945 eggs. The first four days of April they gave her 159 per day. The fifth day she gathered 160 eggs, not one having "soldiered" on her, and the sixth day she received 149. This is a splendid average. If every poultry raiser in the county could have that kind of hens the poultry business would be a big venture.

HAVE MINK LEAGUE STARS.

The St. Joseph Ball Team Has Many of Them—Myers as Umpire.

The St. Joseph Drummers base ball club of the Western league, who drove Ed Walsh from the slab and defeated the Chicago White Sox Sunday in an exhibition game at St. Joseph, have several former Mink league stars on the club roster. "Lefty" Brewer, who formerly held down the initial sack for Auburn, has practically clinched a job with the Drummers. He was directly responsible for St. Joseph's first run Sunday, when he bounced a liner off of Walsh's shins, scoring a teammate who was camped on third. "Toughy" Johnson, slab artist, and Link Castle, catcher, both with Shenandoah in the Mink league, are with the St. Joseph club. Dutch Myers, one of the old Mink umpires, has been umpiring the exhibition games at St. Joseph and he gets his share of the "ragging" from the crowd.

Left for Kansas City.

Mrs. Paul Ream of Kansas City, who has been visiting her father, Joseph Jackson, Sr., and family in Maryville for a week, left for her home Tuesday morning. She was accompanied as far as St. Joseph by her sister, Mrs. J. F. Colby. Mrs. Ream stopped in Maryville on her way home from a visit of several weeks in the east, witnessing the inauguration of President Wilson, as the guest of Mr. and Mrs. Fred Davis. Mrs. Ream came on to Ohio, stopping at Lima for a visit with her college friend, Mrs. Will Booth, and was held there some time by the floods. Lima was submerged. Mrs. Ream had intended making visits at several other points in Ohio and Indiana, but the floods made travel impossible.

MRS. KURTZ DEAD

CONGESTION OF LUNGS FATAL TO AGED WOMAN.

FUNERAL WEDNESDAY

Burial in Oak Hill Cemetery, With Services at Home—A Son and Two Brothers Survive Her.

Mrs. Mary Hastings Kurtz died Monday night at 9 o'clock at the home of her son, Mr. Fred Kurtz, 505 South Market street, after a twenty-four hours' illness of congestion of the lungs. Mrs. Kurtz had been in feeble health for a month, but her condition was not regarded as serious. She was taken suddenly ill Sunday evening, and by Monday noon she was in such critical state that a nurse was called from St. Joseph. Mrs. Kurtz's death occurred just as the nurse arrived.

The funeral services will be held Wednesday afternoon at 3 o'clock at the Kurtz home, and will be conducted by Rev. S. D. Harkness of the First Presbyterian church. Burial will take place in Oak Hill cemetery.

Mrs. Kurtz was 80 years old the 2nd day of September last. She was born in Cheltenham, England, and came to this country with her parents at the age of 7 years, and two brothers, Fred Hastings of this city and William Hastings, living in Brooklyn, N. Y.

On the 18th of January, 1864, Mrs. Kurtz was married to David Kurtz of Somerville, N. J. One son, Fred Kurtz of this city, was born to them. A few years after the death of Mr. Kurtz, Mrs. Kurtz, her son and her mother came to Maryville to make their home, coming here thirty years ago. The death of Mrs. Kurtz's mother occurred ten years ago in December, when she was 91 years old. Since that time Mrs. Kurtz had made her home with her son. She was a woman of great gentleness of spirit and manner, and because of these qualities, which betokened the genuine Christian womanhood she possessed, many were attracted to her, and she had many friends. She was strongly devoted to the families of her son and brother.

She had been a member of the Presbyterian church for many years.

CLUB BANQUET TONIGHT.

Election of Four Directors and Yearly Reports to Come Up at Meeting.

The Commercial club banquet will be held this evening at the Linville hotel at 7 o'clock. After the dinner, the club will hold a short business session, at which time four directors will be selected. In addition to the election the report of Secretary John I. Hoffman of the club will be given, and also the report of E. C. Curfman, president of the club. George L. Wilfley will talk on the outlook of the club for the coming year, and F. P. Robinson will speak on the relation of the commercial club to civic affairs. During the banquet music will be furnished by Griffin's orchestra. E. C. Curfman will preside at the meeting.

The Commercial club has been organized in this city for seven years and much has been done for the city as a result of the organization. Every member of the club should be sure and attend this annual meeting tonight, when plans will be made for the coming year.

CEREBRO-SPINAL-MENINGITIS.
No. 2.

The prevention of cerebro-spinal-meningitis depends upon isolation of the cases and the continuation of this quarantine as long as the convalescent shows the presence of the germs in the sputum. The disease is spread by the sputum; consequently in all cases the sputum should be prevented from coming in contact with anything to be subsequently used either by the convalescent or by others. Such protection of the sputum may be quite easily accomplished by the use of tissue paper napkins which are held in front of the mouth during the act of coughing to catch the fine particles of sputum. When the coughing has subsided the napkin may be folded and the individual may expectorate the mass of sputum into the center of the napkin. The napkin should then be rolled, the ends twisted so that it cannot come unrolled, and deposited in a receptacle kept for this purpose. At intervals the rolls should be burned. This is perhaps cheaper and more sanitary than any type of cuspidor.

Anyone coming in contact with a patient or convalescent is liable to contract the disease or to take the germs into his system and become infected without an attack of the disease. A person having such an infection is a germ carrier of this disease and is of as much danger to the community as the one who has had the disease; in fact, he is of more danger, because his condition may not be suspected and he does not protect the community as does the patient or convalescent; consequently during quarantine one should not receive visitors.

JOURNALISM SUMMER SESSION.

Course at the University of Missouri Will Be First of Its Kind in Any School.

For the first time in any university or college, instruction in journalism is to be given as a part of the regular summer session of the University of Missouri. This will give an opportunity for the study of journalism to many persons, both in and out of newspaper offices, who are unable to attend the regular session of the university.

The courses in journalism will be supplemented as in the regular sessions of the university, by practical work on the University Missourian, a general newspaper. All of the work of editing and writing for the paper will be done under the direction of members of the faculty of the school of journalism, by the students taking the courses.

Three courses dealing with the gathering, writing and editing of news and special articles will be offered. The course in news gathering consists of class discussion and lectures on news, its value, methods of gathering, treatment and classification and actual practice in writing. Reporting, the second course, gives the students laboratory practice in the gathering and writing of news and special articles for the University Missourian. The course in copy reading consists of copy editing and headline writing. All copy written by the students is used by the students of this class for discussion and is then edited under the direction of a member of the faculty.

The requirements for admission to the summer session are the same as to the regular session. Credit for work is given both in the school of journalism and the school of education of the university.

Presbyterian Banquet.

The Men's club of the Presbyterian church has decided to postpone their man-and-boy banquet scheduled for tonight on account of the death of one of the members of the church, Mrs. Mary Kurtz. The banquet will be held at 6:30 p. m. Thursday.

Weighing the Baby.

How many pounds does the baby weigh—
Baby who came but a month ago?
How many pounds from the crowning curl
To the rosy point of the restless toe?"

Grandfather ties the kerchief knot,
Tenderly guides the swinging weight,
And carefully over his glasses peers
To read the record, "Only eight."

Nobody weighed the baby's smile,
Or the love that came with the helpless one;
Nobody weighed the threads of care,
From which a woman's life is spun.

No index tells the mighty worth
Of a little baby's quiet breath—
A soft unceasing matronome,
Patient and faithful until death.

Nobody weighed the baby's soul,
For here on earth no weights
there be
That could avail; God only knows
Its value in Eternity.

Only eight pounds to hold a soul
That seeks no angel's silver wing,
But shrines it in this human guise,
Within so frail and small a thing!

Oh, mother; laugh your merry note,
Be gay and glad, but don't forget
From baby's eyes look out a soul
That claims a home in Eden yet.

Attending Golden Wedding.

Mrs. Frank Cox and sons, Donald and LeRoy, of Hopkins were in the city Tuesday, returning home from Burlington Junction, where they attended the golden wedding celebration of Mrs. Cox's grandparents, Mr. and Mrs. Harry Jones of that place. About thirty-five guests were present, including six daughters and one of the three sons of Mr. and Mrs. Jones. The children present were Mrs. Guy Shelton, Mrs. John Barr, Mrs. Guy Howell and Miss Lacy Jones of Burlington Junction, Mrs. Ed Humphrey of Phillip, Neb.; Mrs. J. C. Overmire of Farragut, Ia.; B. A. Jones of Burlington Junction. The two sons not able to be present are Alva Jones of Burlington Junction and W. H. Jones of Billings, Mont. There were thirteen grandchildren present and two great-grandchildren, the latter being the two sons of Mrs. Cox, who was the first grandchild. A cousin present at the wedding was Mrs. Martha Hitchcock of Gray, Cal., who is visiting relatives in that part of the county.

Entertained Country Club.

Mr. and Mrs. Rufus Ringgold were host and hostess to the L. I. club at their home, ten miles north of Maryville, Tuesday evening at dominoes. Progressive forty-two was played at eight tables. After the games a musical was given, consisting of solos and instrumental music, and a number of selections were given on stringed instruments with seconds and accompaniment. The L. I. club is the first country club in the first district admitted to the federation of women's clubs, that held their congress at Columbia, Mo., in February, and are now in possession of certificates and official books. The following two-course luncheon was served from small tables: Potatoes a la mode, neighborhood contention with enchantress of the beach, West India bean juice, banana split, cook's curious compound.

Those present were Mr. and Mrs. Earl Dowling and family, Mr. and Mrs. Samuel Florea and family, Mr. and Mrs. Vern Fakes, Mr. and Mrs. Sylvester Massie and family, Mrs. John Ringgold and daughter, Mrs. Leroy Johnson of Maryville, mother of the hostess; Mr. and Mrs. Bert Blackney, Mr. and Mrs. Loren Gillispie and family, Mr. and Mrs. U. fully planned a surprise for her husband on Saturday evening by inviting several friends to celebrate his thirty-first birthday. The guests arrived about 8 o'clock and found Mr. Reynolds just starting to visit a sick neighbor. The house was soon filled and everyone united in making it an evening of much pleasure and enjoyment. Music was the principal entertainment of the evening, there being five violinists among the number present. Mr. and Mrs. Reynolds also favored their guests with several vocal duets. The quartet composed of Messrs. Reynolds, Ringgold, Pence and Curry sang several selections. The various acrobatic acts performed by a greater number of the gentlemen present were both entertaining and amusing. A delicate luncheon of cakes, pie and fruit were served. All retired for their homes at a late hour wishing Mr. Reynolds many more birthdays to be spent in such a pleasant manner. Those present beside Mr. and Mrs. Reynolds and sons were Mr. and Mrs. Newton Legrand, Mr. and Mrs. Ed Zwilling, Mr. and Mrs. Harley Sowers, Mr. and Mrs. John Whitten, Mr. and Mrs. Marion Curry, Mr. and Mrs. James Hornbuckle, Mr. and Mrs. Lester Ringgold, Mr. and Mrs. Ellet Trueblood and son, Mr. and Mrs. Frank Buzzard, Mr. and Mrs. James Neal, Mr. and Mrs. Tillie Hornbuckle, Mr. and Mrs. Pearl Pence, Mr. and Mrs. Callie Clouse, Mr. and Mrs. Charles Veatch and family, Misses Gertrude Edwards, Ora Legrand, Nava Pence, Ella Zwilling, Cletta Trueblood, Gladys Hornbuckle, Messrs. John Farrans, Elbert Pence, Dick Faradene, Enis Pence, William Zwilling, Alvin Trueblood, Oland Ringgold and Francis Curry.

Washable Gloves
We have a new fabric Glove now that is absolutely washable, and it is also just the right weight for this time of the year. Fabric Gloves are better in wash gloves than leather—they do not get hard after washing. These new "Reindeer" wash gloves that we are selling are rapidly taking the place of leather—they are made and finished and have the appearance of a leather glove. Soap and cold water will make them fresh and new—always soft and fluffy—as often as you wish. In fact the oftener they are washed the longer they will wear.
Try a pair of these new gloves—you will be convinced that they are superior to other gloves.

GERMANY NEEDS LARGE ARMY

Chancellor Says Victory of Balkans Creates New Condition.

FEARS FRANCE AND RUSSIA.

Growth of Pan-Slavism and Warlike Spirit in France, He Says, Call for Increase in Military Establishment. John Bull a Pacific Factor.

Berlin, April 8.—"If outside forces should threaten us Germany must stand ready with its last man," declared Dr. von Bethmann Hollweg, the imperial chancellor, in parliament while submitting the government's bills for increasing the army and for providing new forms of taxation.

"The good intentions of the French and Russian governments are beyond question," declared the chancellor, "but Germany must reckon with the great force of modern public opinion which, in the form of French warlike patriotism and Russian pan-Slavism, threatens the peace of the world against the wishes of the great masses of both peoples."

It was noteworthy that in the chancellor's speech Great Britain was referred to only as a pacific factor.

The imperial chancellor opened his speech by pointing out that the strength of the army had not kept pace with the growth of the German nation and asked:

"Can Germany allow itself the luxury of dispensing with tens of thousands of trained soldiers?"

"The conditions of Europe," he continued, "have been radically changed by the Balkan war, which has substituted for the passive European Turkey other states of feverish political activity. The events of the war have greatly strengthened the Pan-Slavic current in Russia, and this is a danger for peace. The warlike party in France is counting on the superiority of the French army in the belief that German cannon and military instructors have been tried and found wanting by Turkey, on the Russian alliance and perhaps on British assistance."

EIGHTEEN MEN DROWNED

Lifesavers Rescue Four From Capsized German Bark Mimi.

Bay City, Ore., April 8.—Eighteen men were drowned as the result of the capsizing of the German bark Mimi, which had just been hauled off the beach at North Spit, Nehalem bay, where it had been since Feb. 13, when it went ashore. After futile efforts for nearly twenty-four hours against heavy wind and sea the lifesaving crew from Garibaldi station succeeded in saving Captain Charles Fisher of Portland, president of the Fisher Engineering corporation; Captain J. Westphal, master of the Mimi, and two sailors.

Kruttchnitt Testifies in Oil Land Suit

New York, April 8.—Julius Kruttchnitt, chairman of the executive committee of the Southern Pacific railway, was examined in the suit brought by the government to cancel the federal patent by which the Southern Pacific in 1904 obtained title to 6,300 acres of land in Elk hills, Kern county, California. The government holds that the railroad obtained the land by fraudulently representing that it contained no oil; whereas, the government maintains the land does contain oil and is worth \$15,000,000.

Mrs. Pankhurst Not Forcibly Fed.

London, April 8.—The home office denied the report that Mrs. Emmeline Pankhurst, the suffragette leader now in jail undergoing three years' penal servitude, had been forcibly fed and is consequently in a state of collapse. In other quarters it is said that the early release of Mrs. Pankhurst is expected.

Coughs and Consumption.

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by the Orear-Henry Drug Co.—Advertisement.

Friedmann Not Trying to Sell Cure.

New York, April 8.—Twenty-five physicians from various parts of the United States and Canada called on Dr. Friedrich F. Dr. Friedmann told them he was making no effort toward this end, and that all action in this regard had been taken by persons trying to arrange for control of his treatment.

CORPORATIONS EXEMPT FROM TAX

Decision Regarding Companies That Lease Their Properties.

THREE JUSTICES DO NOT AGREE

Day, Hughes and Lamar Hold Company Is Doing Business—Decision Directly Affects 300 Claims Against Treasury—Alaska Case Is Dismissed.

Washington, April 8.—Hundreds of corporations will be relieved from paying the federal corporation tax by a decision of the supreme court to the effect that corporations leasing all their property and having no income except that yielded by the lease are not "doing business," and therefore are not subject to the tax.

This phase of the corporation tax arose in the case of the Mine Hill and Schuylkill Railroad company, once operating a railroad in Pennsylvania now leased to the Reading.

About 300 claims, involving \$700,000 paid into the treasury under the corporation tax act, turned upon the decision in this case. Besides the many railroads leasing their property in a similar way, nearly 100 telegraph companies are said to have leased property to one operating company.

Justice Day announced a dissenting opinion, in which Justices Hughes and Lamar concurred, holding the company was "doing business."

Alaska Federal Court Reversed.

The supreme court reversed the federal court in Alaska, which annulled five of the six counts in an indictment against the Pacific and Arctic Railway and Navigation company and others charged with violating the Sherman anti-trust law and interstate commerce law in regard to Alaska transportation facilities.

All the counts charged in varying form that the one railroad from Skagway to the headwaters of the Yukon had entered into a conspiracy with certain steamship lines and their officials to destroy the competition of independent steamship lines, such as the Humboldt Steamship company, by charging the independent lines higher rates and refusing to make through routes and joint rates with the independents.

The Alaska court held that before it could have jurisdiction the alleged discrimination should be passed upon by the interstate commerce commission.

The case goes back to trial.

Colorado Land Case Dismissed.

The supreme court affirmed the United States circuit court for Colorado in dismissing the suit of William G. Plested and Charles Beachat to force the registrar and receiver of public lands at Pueblo, Colo., to sell public lands to them for \$20 an acre. The court held the complainants had not exhausted their rights before the interior department. The court did not pass upon the question of whether the department's new rule that coal lands should be sold at their real value instead of a lump sum of \$20 was valid.

MOB AFTER SUFFRAGETTES

Presence of Police Prevents More Rioting in London.

London, April 8.—Disaster probably would have overtaken the suffragettes at their weekly meeting in the music hall at Piccadilly circus but for the protective action of the police. Hostile crowds, 400 strong, had gathered with the intention of invading the meeting, when a big force of police officers marched onto the scene, broke up the mobs and established a rigid cordon, which effectually prevented the projected assault.

Miss Kennedy, presiding at the meeting, said Miss Emmeline Pankhurst would be among them "in a few days, if not within a few hours."

Militancy is beginning to receive attention from the pulpits of the British isles. Dr. Leonard G. Broughton, the pastor of Christ church, unsparingly castigated the women for their actions. He said:

"A small bunch of rampant anarchists, who ought to be in prison or in the lunatic asylum, are bringing disgrace on their sex and hindering their noble cause—a cause which soon would be victorious if it were not for the methods of anarchy used by these women with the idea of forcing it."

Three other uninhabited houses were set on fire during the night. Oil cans were found in the vicinity with suffragette literature.

Many are taking advantage of the special prices on furniture this week. Why not you, and save what you can.

WOMAN SUFFRAGE AMENDMENTS UP

Senate and House Both Face Constitutional Changes.

SCORES OF PETITIONS FILED.

Proceedings in Marked Contrast With Riotous Scenes Which Attended Suffrage Pageant in National Capital on March Third.

Washington, April 8.—Formal resolutions proposing constitutional amendments giving women the right to vote were introduced in both houses of congress, together with scores of petitions and memorials from various societies and individuals. Senator Chamberlain of Oregon and Representative Mondell of Wyoming introduced the constitutional amendment resolution in their respective houses.

Five hundred women, representing every congressional district, armed with petitions commanding a constitutional amendment for woman's suffrage, marched to the capitol and delivered their demands in person to their congressmen. There was marked contrast with the disorderly scenes which attended the suffrage pageant here on March 3.

CANADA IS INTERESTED

Experts to Study Effect of New United States Tariff.

Ottawa, April 8.—The probable effect in Canada of the tariff changes proposed by the bill introduced in the congress of the United States will be worked out by Canadian experts, and until their verdict is submitted it is unlikely that any official opinion will be expressed here regarding the measure. Individually, however, the members of parliament believed that the Dominion would reap material benefit from the proposed new schedules.

It was said that Canada's milling industry, with its great field of production, should be able to obtain wide expansion of trade in the markets of the United States. Tariff students were not certain whether the proposed reduction in the grain schedule would be sufficient to broaden the markets of western Canada, but they believed it would have this effect.

AUTO RIDE SCARES ENGINEER

"Never Again," He Declares After 35 Mile an Hour Trip in City.

Milwaukee, April 8.—Michael Collins, the driver of the fastest train on the Chicago, Milwaukee and St. Paul railroad system, has taken his first and last ride in an automobile on a crowded street.

"Never again," he solemnly swore raising his right hand. "I have driven a locomotive ninety miles an hour and have never had an accident, but a locomotive is safety itself compared to these buzz wagons."

"Pioneer Mike," as he is known took his trip with his son, who is an automobile salesman, at a time when there were many machines on the boulevard. He says a locomotive does not have to be guided, and says that the thirty-five-mile an hour rate he rode in the automobile is far more dangerous than a ninety-mile rate in a railroad train.

Mabray Swindlers in Winnipeg.

Winnipeg, April 8.—Five former members of the famous Mabray gang of swindlers were arrested here, following complaints by several citizens that they had been swindled out of hundreds of dollars by the men. Those arrested are: Harry Y. Webber, John L. Roberts, Charles Halliday, Charles Webber and John L. Lane. Erns Holmes, an alleged accomplice, also was arrested. According to the police the men had fitted up offices with black telegraph instruments and black boards and were giving alleged racing returns.

Man Slowly Burns in Wrecked Train

Elbow Lake, Minn., April 8.—George Rebersdorf of Lincoln, Neb., was instantly killed and George F. Kupfer of Port Dodge, Ia., was burned when a livestock train on the Minneapolis St. Paul and Sault Ste. Marie railroad was wrecked near Nashua. Twelve others were injured. Rebersdorf was crushed to death in a car filled with horses and Kupfer was pinned beneath a car, which caught fire and slowly roasted to death before he could be rescued.

Wilson Takes Hand in Jap Tangle.

Washington, April 8.—President Wilson sought to avert a diplomatic tangle with Japan over the bill pending in the California legislature through which Japanese would be prevented from owning property in that state. The Japanese government had filed a formal protest with the state department against what it considered an infringement of treaty obligations. The president conferred with Senator Works and Representative William Kent of the state.

Decree in Hard Coal Case Amended.

Washington, April 8.—The supreme court directed that its decree in the "hard coal case" be amended to give the federal district court in eastern Pennsylvania time to decide whether four certain "65 per cent contracts" should be excepted from the recent decision that such contracts were void.

DEPARTMENT TO BENEFIT FARMERS

Secretary Houston Creates Rural Organization Service.

Washington, April 8.—Secretary Houston created in the department of agriculture the "rural organization service," and selected Dr. T. N. Carver, professor of economics at Harvard and a pioneer in the study of rural economic problems, as director of the work. This will be an extension of the division of markets, for which congress provided last year, and which was to study the marketing and distributing of farm products.

Secretary Houston, deciding that the work should be broader, has accepted an offer from the general education board, which has co-operated with the department for several years in its farm demonstration work, to do likewise in the problems of rural organization service.

AIM AT HIGH LIVING COST

National Conference on Marketing Farm Products Opens in Chicago.

Chicago, April 8.—Declaring that the consumers pay too much for farm products and that the farmer does not receive a compensation commensurate with the service which he renders the public, the first national conference on marketing of farm products began here today.

The whole subject will be discussed authoritatively, remedies considered and a national organization formed to "redirect economic forces and readjust the farming population to harmonious relations with the business world," as the program put it.

In other words, the conference is designed as a skirmish line leading an attack on the high cost of living.

Accepts City Bonds in Flood District.

Washington, April 8.—Secretary McAdoo of the treasury department will deposit \$2,000,000 in the national banks of Dayton, O., to relieve the money shortage resulting from the flood, accepting government, state, city and county bonds as security. This will be the first time since 1908 that the government has accepted as security for deposits bonds other than those of the United States.

Kindness Brings Him \$500.

Racine, Wis., April 8.—For assisting a well dressed stranger two years ago, Frank Rowe, a teamster, received a check for \$500 from the estate of the stranger, who left the amount in his will to the good natured man who helped him to a train when he had been drinking in Racine with a party of friends. Rowe did not know the man's name until the check was received.

Kills Officer; Frees Friend.

Chicago, April 8.—James Younkis, a special policeman at Phoenix, Ill., a short distance from Harvey, was shot and fatally wounded by an Italian, who escaped. He had arrested an Italian and was taking him to the lockup, when a fellow countryman, who had been following the policeman and his prisoner, shot Younkis in the back. The policeman died a short time later.

Bourne Divorce is Filed at Portland.

Portland, Ore., April 8.—Mrs. Elizabeth Little Bourne filed suit for divorce in this county against former United States Senator Jonathan Bourne, Jr., alleging cruel and inhuman treatment as her general grounds.

Fire at Springfield, S. D.

Springfield, S. D., April 8.—Fire in the business district caused loss of over \$60,000, the flames destroying J. L. Turner & Co.'s general merchandise store and Holland's hardware store.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meeteetse, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it. It may be just the medicine you need.

IS BULLET PROOF

BOAST OF SEATTLE MAN WAS PUT TO THE TEST.

HAD BEEN SHOT BEFORE

After Accumulating a Bullet, a Punet-ure and Yards of Gauze, Sheldon Was Still Much Alive.

The following account of the accidental shooting at Seattle, Wash., in which Orville B. Sheldon, son of Mr. and Mrs. E. B. Sheldon of this city, was the victim, will be read with interest by friends of the young man here:

O. B. Sheldon, residing at 3927 Eleventh avenue Northeast, boasted early yesterday evening that he was bullet proof.

Three minutes later he was en route to a hospital suffering from a gunshot wound in the head.

Three minutes afterward he toddled blithely homeward with more than two-thirds of his boast apparently justified. True, he had accumulated a bullet, one neat puncture and many yards of medicated gauze, but he was very much alive and will remain so, say the amazed physicians.

D. P. Mahoney of 1718 Twelfth avenue South admitted to the police later that he was the shooter, but was released on his personal recognizance when Sheldon, the shooter, announced that he would not prosecute.

According to Sheldon's story to the police he stopped at Mahoney's fruit store at 1201 First avenue South to purchase a bottle of milk. He declared that while being waited on he turned to watch a pedestrian earnestly pursuing his hat, which had been blown off by the high wind, and that when he turned to Mahoney he found himself facing the muzzle of a revolver.

"Put 'er down; I'm gunproof," chortled Sheldon gayly.

The next moment he lay on his back on the floor with a bullet somewhere in this thought factory. The police ambulance removed him to the receiving hospital, where the wound was dressed. The bullet had entered the face on the left side, ranged upward and lodged in the skull near the top of the head. Much to the surprise of the physicians, Sheldon insisted on pursuing his homeward way, declaring that now he knows he is "gunproof."

Mahoney told the police that he was cleaning his revolver and pointed it at Sheldon in fun, not knowing that it was loaded. As Sheldon's sense of humor permitted him to see the joke, the police decided not to interfere with a perfectly good "wheeze" and instructed Mahoney to take the home trail.

Mr. Sheldon has been in Seattle for some time past and makes his home with Mr. and Mrs. Elihu Jones, formerly of this city. Three years ago February 3, while Mr. Sheldon was employed as a jeweler at McLouth, Kan., he was held up one night on his way home and narrowly escaped being shot to death. The pin on his vest caused the bullet to glance, inflicting only a slight flesh wound. This experience is what Mr. Sheldon had in mind when he boasted to his friends at Seattle that he was gunproof.

The accident referred to by the Seattle paper occurred Saturday night, March 29. Mr. Sheldon's parents did not learn of it until the following Wednesday, when they received a brief account of the affair, but did not get word until Monday that their son was out of danger. Orville was able to write a short account of his condition to his mother, and began by saying:

"Once more I have pulled through a shooting by the skin of my teeth. After I had emergency treatment my physicians brought me to the Noble hospital, where the bullet was extracted. It was from a 38-calibre revolver. In entered the thick part of my upper lip, passing by the division of the nostril, then horizontally through the thick part of my left cheek, grazing the temple, and lodging against the skull bone on the left side of my head. The doctors say they don't know how I escaped being killed instantly. They have a double drainage fixed, so there is no danger of inflammation setting in. I am being fed by means of a tube, so don't worry about me, for I believe I will get along all right."

Mrs. Sheldon received a message Tuesday morning from the attending physician saying they regard Mr. Sheldon's condition as much better, and believe him out of danger.

Mr. and Mrs. B. H. Wilson and Thomas Surplus of Gaynor City were in Maryville on business Tuesday.

WRITES OF ST. CHARLES.

Dr. Gertrude DuVall, Formerly of This City, Tells About the Town She is Located in Now.

Dr. Gertrude DuVall, formerly of this city, has written the following letter to The Democrat-Forum:

I certainly enjoy my daily letter (The Democrat-Forum). Being in a strange town and away from home, I appreciate the paper more. I am doing very nicely here in my profession and like old St. Charles very much, although it is not as up-to-date in many ways as Maryville, being such an old town. The first session of the legislature of Missouri met in St. Charles in 1822, and the old building where they met is still standing, and occupied most of the time. It shows age, but is well preserved. I believe St. Charles was the capital of Missouri at one time. St. Charles has many advantages, being so close to St. Louis that it takes only an hour and a half to be in the heart of St. Louis on the electric line, and the scenery between here and St. Louis is certainly beautiful, as most everybody seems to take pains in making their homes and farms look nice, and the different stations along the line are very nice. This is an educational town, having two public school buildings, St. John's school, German Lutheran, English and German parochial school, Sacred Heart convent, two good colored schools, the St. Charles Military college and the Lindenwood College for girls. Lindenwood is now an accredited junior college and is certainly a grand school for those wishing to do high school work or the first two years in college work. The buildings are large and well equipped in every way and situated on a knoll of 131 acres, making beautiful campus ground, also so healthful and thoroughly enjoyed by the girls. From the art rooms one can gaze across the Mississippi river and see Illinois. The girls who attend here can do more work with less nerve strain, owing to the beautiful location, quiet surroundings and with teachers of years of experience and the additional advantages of St. Louis, and particularly the musical (the Symphony). The social life at Lindenwood is enjoyed by all the girls, and they certainly have grand times. My daughter, Cornelia Hurst, is doing high school work at Lindenwood. We have many churches, paved streets, electric lights, water works, gas, and the Roberts, Johnson & Rand shoe factory, that employs about 120 men and women, and the American Car and Foundry company, that in full working order employs 3,000 men. St. Charles has about 15,000 inhabitants, and has a fine court house, nice new jail and government postoffice, four good banks with over \$4,000,000 deposits.

The Wabash bridge that crosses the Missouri river going to St. Louis is three miles long and gives one a beautiful view of the surrounding country. We enjoyed greeting the Missouri Ladies Military band both going and coming from Washington, D. C., as we formerly belonged to the band.

DR. GERTRUDE DUVALL.

LAND VALUES UP

EQUALIZATION BOARD RAISED FARM VALUATIONS.

ACT ON 4 TOWNSHIPS

Action Taken on Grant, Lincoln, Hughes and Atchison—Others to Feel Hiking Process.

The county court, with County Surveyor Reese and Deputy Sheriff Callahan is meeting this morning, as a county board of equalization for the purpose of fixing the assessment for the 1913 taxes. On Monday afternoon and Tuesday the board was going over the assessors' books of the different townships in the county, and many tracts of real estate were raised.

In Grant township the board raised the real estate assessments of the following who are owners of farms in that township: M. M. Callahan, three tracts of land raised; W. B. Lucas, Catherine Callahan, O. Dowell, M. Egan, John Stundon, J. C. Curnutt, Campbell & Pollard, A. Sel, J. E. McFarland, Allie Wood, three tracts.

In Lincoln township the following real estate assessments were hiked on farms: Albert Teuscher, J. M. Ecker, C. R. Lamar, two tracts; E. M. Bailey, M. M. Dilley, E. T. Bailey, L. E. Carpenter, George Colvin, Francis Colvin, Jeff Colvin and Ed Adkins.

Hughes township land owners' assessments were also hiked up by the board. The following are those whose assessments were raised on real estate in that township: Charles Wells estate, G. J. Coler, W. H. Anderson, two tracts; R. B. Gex, three tracts; John Hanson, D. A. Gelvin, two tracts; A. C. Snyder, Sam Hayworth, L. E. Galbraith and N. Helzer.

In Atchison township the following land owners' assessments were raised. Jacob Linebaugh estate, W. S. Pollock, J. F. Robb, two tracts; P. L. Holbrook, W. L. Webb, three tracts; Fred Olmstead, W. M. Jeffers, G. M. Lock, J. E. Cylmens, J. G. Johnson, Asa Porterfield and T. D. Garrett.

The assessment of the country real estate in Union township was raised 20 per cent.

DEATH OF A CHILD.

Donald, Son of Mr. and Mrs. Bert Hilsabeck, Died Monday Night of Concussion of the Brain.

Donald Eugene, the 3-year-old son of Mr. and Mrs. Bert Hilsabeck, who live at the pumping house station, died at 11:15 Monday night from concussion of the brain. The child fell from the porch of the Hilsabeck residence Saturday afternoon, but after a few minutes of crying went about his play and made no further complaint. Sunday morning at 5 o'clock the parents were awakened by his cries, and in a few minutes he was seized with convulsions, and did not make any improvement before his death.

The funeral services will be held Wednesday afternoon at 2 o'clock, at the home of Mrs. Hilsabeck's brother, John A. Wallace, on East Second street, and will be conducted by Rev. Claude J. Miller. Burial will take place in Miriam cemetery. The child is survived by his parents, three brothers and a sister, Clarence, Walter, Wallace and Edna Hilsabeck.

THE BEST WAY TO KILL RATS.

Barium Carbonate is Recommended as Cheap and Effective.

The poison for killing rats recommended by the United States bureau of biological survey as the cheapest and most effective is barium carbonate. This mineral, beside having the advantages of being tasteless and odorless, is harmless to domestic animals in the small doses given to rats. Its slow action will usually allow the rats to leave the premises in search of water, thereby freeing the inside of the house from the odor of dead rats. The prepared bait, which should be placed in the rat runs, may consist of a small piece of fish or buttered bread, sprinkled with one part of the barium carbonate to four of the bait.

Visiting His Mother.

Mr. H. C. Bower, the west side hardware merchant, is spending the day Tuesday with his mother, Mrs. T. S. Bower of Council Bluffs.

Returned to Kansas City.

Misses Pearl and Bertha Snapp returned to their employment in Kansas City Monday evening. They were called to Maryville three weeks ago by the death of their father, John Snapp. Mrs. Snapp will go to Colorado in a few weeks to remain indefinitely with relatives.

IT IS TOO WARM

AND THEN FARMERS ARE ALTOGETHER TOO CARELESS.

THE WHY OF POOR OATS

University Missourian Advises Treatment for Smut, Choice of Good Varieties, Drilling, and Rotation.

Missouri raises a poor crop of oats because the climate is too warm, and farmers are so rushed with spring work that oats are carelessly sown.

Beginning the improvement of the crop by getting good seed and using the formalin treatment for smut. The process usually costs less than a dollar and may save five dollars on each acre. Mix one pint of formalin with forty gallons of water and sprinkle the oats till they are wet enough to pack in the hand; cover the pile and after a few hours spread it out to dry.

Rust is an enemy that does damage in wet seasons. Early varieties are attacked less than late ones. Texas Red Rust Proof is the only variety that does not rust. It gives good yields and does not run out.

Other good varieties for Missouri are Siberian, Wide Awake, Silverine and Great Dakota among the white oats; Jeanette, Martinsburg, Nichols, Black Comet and Victor among the black oats, and Khersca, a yellow variety.

Drilling gives the ground an extra cultivation and gives better yields than broadcasting. The day of the end-gate seeder is past. Ten pecks to the acre is the best rate of seeding, but drill a bushel less if clover is sown with the oats.

The use of oats as a cash crop should be discouraged. On the market they bring less per acre than other crops, but nearly every Missouri farmer needs oats in his rotation and as feed for horses and young stock. Decrease the acreage and increase the yield of oats for home consumption.—University Missourian.

IN CITY POLICE COURT.

Bertha Kelley Given the Limit for "Street Walking"—Another Kelley Fined for Assault.

Bertha Kelley was arrested Monday night on a charge of "street walking," and in police court Tuesday she was fined \$100 and costs by Mayor Robey when she pleaded guilty to the charge. She will probably have to lay out the fine in the county jail, as she is unable to pay the same.

Another Kelley was also arrested Monday, being William Kelley, who was charged with assault on Bertha Kelley. William Kelley, however, is no kin to Bertha. The young man pleaded guilty before Mayor Robey Tuesday morning and was fined \$100 and costs. Mayor Robey informed the young man that if he had pleaded not guilty he would have given the \$100 fine and a jail sentence of three months. Kelley, being unable to pay the fine, will work for the city on the streets this spring.

CEREBRO-SPINAL-MENINGITIS.

No. 2.

The prevention of cerebro-spinal-meningitis depends upon isolation of the cases and the continuation of this quarantine as long as the convalescent shows the presence of the germs in the sputum. The disease is spread by the sputum; consequently in all cases the sputum should be prevented from coming in contact with anything to be subsequently used either by the convalescent or by others. Such protection of the sputum may be quite easily accomplished by the use of tissue paper napkins which are held in front of the mouth during the act of coughing to catch the fine particles of sputum. When the coughing has subsided the napkin may be folded and the individual may expectorate the mass of sputum into the center of the napkin. The napkin should then be rolled, the ends twisted so that it cannot come unrolled, and deposited in a receptacle kept for this purpose. At intervals the rolls should be burned. This is perhaps cheaper and more sanitary than any type of cuspidor.

Anyone coming in contact with a patient or convalescent is liable to contract the disease or to take the germs into his system and become infected without an attack of the disease. A person having such an infection is a germ carrier of this disease and is of as much danger to the community as the one who has had the disease; in fact, he is of more danger, because his condition may not be suspected and he does not protect the community as does the patient or convalescent; consequently during quarantine one should not receive visitors.

JOURNALISM SUMMER SESSION.

Course at the University of Missouri
Will Be First of Its Kind in
Any School.

For the first time in any university or college, instruction in journalism is to be given as a part of the regular summer session of the University of Missouri. This will give an opportunity for the study of journalism to many persons, both in and out of newspaper offices, who are unable to attend the regular session of the university.

The courses in journalism will be supplemented as in the regular sessions of the university, by practical work on the University Missourian, a general newspaper. All of the work of editing and writing for the paper will be done under the direction of members of the faculty of the school of journalism, by the students taking the courses.

Three courses dealing with the gathering, writing and editing of news and special articles will be offered. The course in news gathering consists of class discussion and lectures on news, its value, methods of gathering, treatment and classification and actual practice in writing. Reporting, the second course, gives the students laboratory practice in the gathering and writing of news and special articles for the University Missourian. The course in copy reading consists of copy editing and headline writing. All copy written by the students is used by the students of this class for discussion and is then edited under the direction of a member of the faculty.

The requirements for admission to the summer session are the same as to the regular session. Credit for work is given both in the school of journalism and the school of education of the university.

Presbyterian Banquet.

The Men's club of the Presbyterian church has decided to postpone their man-and-boy banquet scheduled for tonight on account of the death of one of the members of the church, Mrs. Mary Kurtz. The banquet will be held at 6:30 p. m. Thursday.

Awful Mabel.

He—Man proposes, you must know, Miss Mabel.
She—Yes, and woman disposes. Now, let's see how nicely you can do your part of it.

Weighing the Baby.

"How many pounds does the baby weigh—
Baby who came but a month ago?
How many pounds from the crowning curl
To the rosy point of the restless toe?"

Grandfather ties the kerchief knot,
Tenderly guides the swinging weight,
And carefully over his glasses peers
To read the record, "Only eight."

Nobody weighed the baby's smile,
Or the love that came with the helpless one;
Nobody weighed the threads of care,
From which a woman's life is spun.

No index tells the mighty worth
Of a little baby's quiet breath—
A soft unceasing matronome,
Patient and faithful until death.

Nobody weighed the baby's soul,
For here on earth no weights
There be
That could avail; God only knows
Its value in Eternity.

Only eight pounds to hold a soul
That seeks no angel's silver wing,
But shrines it in this human guise,
Within so frail and small a thing!

Oh, mother; laugh your merry note,
Be gay and glad, but don't forget
From baby's eyes look out a soul
That claims a home in Eden yet.

—Ethel Lynn Beers.

fully planned a surprise for her husband on Saturday evening by inviting several friends to celebrate his thirty-first birthday. The guests arrived about 8 o'clock and found Mr. Reynolds just starting to visit a sick neighbor. The house was soon filled and everyone united in making it an evening of much pleasure and enjoyment. Music was the principal entertainment of the evening, there being five violinists among the number present. Mr. and Mrs. Reynolds also favored their guests with several vocal duets. The quartet composed of Messrs. Reynolds, Ringgold, Pence and Curry sang several selections. The various acrobatic acts performed by a greater number of the gentlemen present were both entertaining and amusing. A delicate luncheon of cakes, pie and fruit were served. All retired for their homes at a late hour wishing Mr. Reynolds many more birthdays to be spent in such a pleasant manner. Those present beside Mr. and Mrs. Reynolds and sons were Mr. and Mrs. Newton Legrand, Mr. and Mrs. Ed Zwilling, Mr. and Mrs. Harley Sowers, Mr. and Mrs. John Whitten, Mr. and Mrs. Marlon Curry, Mr. and Mrs. James Hornbuckle, Mr. and Mrs. Lester Ringgold, Mr. and Mrs. Ellet Trueblood and son, Mr. and Mrs. Frank Buzzard, Mr. and Mrs. James Neal, Mr. and Mrs. Tillie Hornbuckle, Mr. and Mrs. Pearl Pence, Mr. and Mrs. Callie Clouse, Mr. and Mrs. Charles Veatch and family, Misses Gertrude Edwards, Ora Legrand, Neva Pence, Ella Zwilling, Cletta Trueblood, Gladys Hornbuckle, Messrs. Washable Gloves

We have a new fabric Glove now that is absolutely washable, and it is also just the right weight for this time of the year. Fabric Gloves are better in wash gloves than leather; they do not get hard after washing. These new "Reindeer" wash gloves that we are selling are rapidly taking the place of leather—they are made and finished and have the appearance of a leather glove.

Soap and cold water will make them fresh and new—always soft and fluffy—as often as you wish. In fact the oftener they are washed the longer they will wear.

Try a pair of these new gloves—you will be convinced that they are superior to other gloves.

GERMANY NEEDS LARGE ARMY

Chancellor Says Victory of Balkans Creates New Condition.

FEARS FRANCE AND RUSSIA.

Growth of Pan-Slavism and Warlike Spirit in France, He Says, Call for Increase in Military Establishment. John Bull a Pacific Factor.

Berlin, April 8.—"If outside forces should threaten us German must stand ready with its last man," declared Dr. von Bethmann-Hollweg, the imperial chancellor, in parliament while submitting the government's bills for increasing the army and for providing new forms of taxation.

"The good intentions of the French and Russian governments are beyond question," declared the chancellor, "but Germany must reckon with the great force of modern public opinion which, in the form of French warlike patriotism and Russian pan-Slavism, threatens the peace of the world against the wishes of the great masses of both peoples."

It was noteworthy that in the chancellor's speech Great Britain was referred to only as a pacific factor.

The imperial chancellor opened his speech by pointing out that the strength of the army had not kept pace with the growth of the German nation and asked:

"Can Germany allow itself the luxury of dispensing with tens of thousands of trained soldiers?"

"The conditions of Europe," he continued, "have been radically changed by the Balkan war, which has substituted for the passive European Turkey other states of feverish political activity. The events of the war have greatly strengthened the Pan-Slavic current in Russia, and this is a danger for peace. The warlike party in France is counting on the superiority of the French army in the belief that German cannon and military instructors have been tried and found wanting by Turkey, on the Russian alliance and perhaps on British assistance."

EIGHTEEN MEN DROWNED

Lifesavers Rescue Four From Capsized German Bark Mimi.

Bay City Ore., April 8.—Eighteen men were drowned as the result of the capsizing of the German bark Mimi, which had just been hauled off the beach at North Spit, Nehalem bay, where it had been since Feb. 13, when it went ashore. After futile efforts for nearly twenty-four hours against heavy wind and sea the lifesaving crew from Garibaldi station succeeded in saving Captain Charles Fisher of Portland, president of the Fisher Engineering corporation; Captain J. Westphal, master of the Mimi, and two sailors.

Kruttchnitt Testifies in Oil Land Suit

New York, April 8.—Julius Kruttchnitt, chairman of the executive committee of the Southern Pacific railway, was examined in the suit brought by the government to cancel the federal patent by which the Southern Pacific in 1904 obtained title to 6,300 acres of land in Elk hills, Kern county, California. The government holds that the railroad obtained the land by fraudulently representing that it contained no oil; whereas, the government maintains the land does contain oil and is worth \$15,000,000.

Mrs. Pankhurst Not Forcibly Fed.

London, April 8.—The home office denied the report that Mrs. Emmeline Pankhurst, the suffragette leader now in jail undergoing three years' penal servitude, had been forcibly fed and is consequently in a state of collapse. In other quarters it is said that the early release of Mrs. Pankhurst is expected.

Coughs and Consumption.

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by the Orear-Henry Drug Co.—Advertisement.

Friedmann Not Trying to Sell Cure.

New York, April 8.—Twenty-five physicians from various parts of the United States and Canada called on Dr. Friedrich F. Friedmann to learn what arrangements, if any, had been made for the distribution of his vaccine for treatment of tuberculosis. Dr. Friedmann told them he was making no effort toward this end, and that all action in this regard had been taken by persons trying to arrange for control of his treatment.

CORPORATIONS EXEMPT FROM TAX

Decision Regarding Companies That Lease Their Properties.

THREE JUSTICES DO NOT AGREE

Day, Hughes and Lamar Hold Company Is Doing Business—Decision Directly Affects 300 Claims Against Treasury—Alaska Case Is Dismissed.

Washington, April 8.—Hundreds of corporations will be relieved from paying the federal corporation tax by a decision of the supreme court to the effect that corporations leasing all their property and having no income except that yielded by the lease are not "doing business," and therefore are not subject to the tax.

This phase of the corporation tax arose in the case of the Mine Hill and Schuylkill Railroad company, once operating a railroad in Pennsylvania now leased to the Reading.

About 300 claims, involving \$700,000 paid into the treasury under the corporation tax act, turned upon the decision in this case. Besides the many railroads leasing their property in a similar way, nearly 100 telegraph companies are said to have leased property to one operating company.

Justice Day announced a dissenting opinion, in which Justices Hughes and Lamar concurred, holding the company was "doing business."

Alaska Federal Court Reversed.

The supreme court reversed the federal court in Alaska, which annulled five of the six counts in an indictment against the Pacific and Arctic Railway and Navigation company and others charged with violating the Sherman anti-trust law and interstate commerce law in regard to Alaska transportation facilities.

All the counts charged in varying form that the one railroad from Skagway to the headwaters of the Yukon had entered into a conspiracy with certain steamship lines and their officials to destroy the competition of independent steamship lines, such as the Humboldt Steamship company, by charging the independent lines higher rates and refusing to make through routes and joint rates with the independents.

The Alaska court held that before it could have jurisdiction the alleged discrimination should be passed upon by the interstate commerce commission.

The case goes back to trial.

Colorado Land Case Dismissed.

The supreme court affirmed the United States circuit court for Colorado in dismissing the suit of William G. Plested and Charles Beachat to force the registrar and receiver of public lands at Pueblo, Colo., to sell public lands to them for \$20 an acre. The court held the complainants had not exhausted their rights before the interior department. The court did not pass upon the question of whether the department's new rule that coal lands should be sold at their real value instead of a lump sum of \$20 was valid.

MOB AFTER SUFFRAGETTES

Presence of Police Prevents More Rioting in London.

London, April 8.—Disaster probably would have overtaken the suffragettes at their weekly meeting in the music hall at Piccadilly circus but for the protective action of the police. Hostile crowds, 400 strong, had gathered with the intention of invading the meeting, when a big force of police officers marched onto the scene, broke up the mobs and established a rigid cordon, which effectually prevented the projected assault.

Miss Kennedy, presiding at the meeting, said Miss Emmeline Pankhurst would be among them "in a few days, if not within a few hours."

Millancy is beginning to receive attention from the pulpits of the British isles. Dr. Leonard G. Broughton, the pastor of Christ church, unsparingly castigated the women for their actions. He said:

"A small bunch of rampant anarchists, who ought to be in prison or in the lunatic asylum, are bringing disgrace on their sex and hindering their noble cause—a cause which soon would be victorious if it were not for the methods of anarchy used by these women with the idea of forcing it."

Three other uninhabited houses were set on fire during the night. Oil cans were found in the vicinity with suffrage literature.

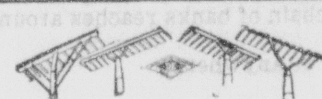

Many are taking advantage of the special prices on furniture this week. Why not you, and save what you can. PRICE & McNEAL.

WOMAN SUFFRAGE AMENDMENTS UP

Senate and House Both Face Constitutional Changes.

SCORES OF PETITIONS FILED.

Proceedings in Marked Contrast With Riotous Scenes Which Attended Suffrage Pageant in National Capital on March Third.

Washington, April 8.—Formal resolutions proposing constitutional amendments giving women the right to vote were introduced in both houses of congress, together with scores of petitions and memorials from various societies and individuals. Senator Chamberlain of Oregon and Representative Mondell of Wyoming introduced the constitutional amendment resolution in their respective houses.

Five hundred women, representing every congressional district, armed with petitions commanding a constitutional amendment for woman's suffrage, marched to the capitol and delivered their demands in person to their congressmen. There was marked contrast with the disorderly scenes which attended the suffrage pageant here on March 3.

CANADA IS INTERESTED

Experts to Study Effect of New United States Tariff.

Ottawa, April 8.—The probable effect in Canada of the tariff changes proposed by the bill introduced in the congress of the United States will be worked out by Canadian experts, and until their verdict is submitted it is unlikely that any official opinion will be expressed here regarding the measure. Individually, however, the members of parliament believed that the Dominion would reap material benefit from the proposed new schedules.

It was said that Canada's milling industry, with its great field of production, should be able to obtain wide expansion of trade in the markets of the United States. Tariff students were not certain whether the proposed reduction in the grain schedule would be sufficient to broaden the markets of western Canada, but they believed it would have this effect.

AUTO RIDE SCARES ENGINEER

"Never Again," He Declares After 35 Mile an Hour Trip in City.

Milwaukee, April 8.—Michael Collins, the driver of the fastest train on the Chicago, Milwaukee and St. Paul railroad system, has taken his first and last ride in an automobile on a crowded street.

"Never again," he solemnly swore raising his right hand. "I have driven a locomotive ninety miles an hour and have never had an accident, but a locomotive is safety itself compared to these buzz wagons."

"Pioneer Mike," as he is known, took his trip with his son, who is an automobile salesman, at a time when there were many machines on the boulevard. He says a locomotive does not have to be guided, and says that the thirty-five-mile an hour rate he rode in the automobile is far more dangerous than a ninety-mile rate in a railroad train.

Maibay Swindlers in Winnipeg.

Winnipeg, April 8.—Five former members of the famous Maibay gang of swindlers were arrested here, following complaints by several citizens that they had been swindled out of hundreds of dollars by the men. Those arrested are: Harry Y. Webber, John L. Roberts, Charles Halliday, Charles Webber and John L. Lane. Erns Holmes, an alleged accomplice, also was arrested. According to the police the men had fitted up offices with fake telegraph instruments and black boards and were giving alleged racing returns.

Man Slowly Burns in Wrecked Train

Elbow Lake, Minn., April 8.—George Rebersdorf of Lincoln, Neb., was in stantly killed and George F. Kupler of Fort Dodge, Ia., was burned when a livestock train on the Minneapolis, St. Paul and Sault Ste. Marie railroad was wrecked near Nashua. Twelve others were injured. Rebersdorf was crushed to death in a car filled with horses and Kupler was pinned beneath a car, which caught fire and slowly roasted to death before he could be rescued.

Wilson Takes Hand in Jap Tangle.

Washington, April 8.—President Wilson sought to avert a diplomatic tangle with Japan over the bill pending in the California legislature through which Japanese would be prevented from owning property in that state. The Japanese government had filed a formal protest with the state department against what it considered an infringement of treaty obligations. The president conferred with Senator Works and Representative William Kent of the state.

Decree in Hard Coal Case Amended.

Washington, April 8.—The supreme court directed that its decree in the "hard coal case" be amended to give the federal district court in eastern Pennsylvania time to decide whether four certain "65 per cent contracts" should be excepted from the recent decision that such contracts were void.

DEPARTMENT TO BENEFIT FARMERS

Secretary Houston Creates Rural Organization Service.

Washington, April 8.—Secretary Houston created in the department of agriculture the "rural organization service," and selected Dr. T. N. Carver, professor of economics at Harvard and a pioneer in the study of rural economic problems, as director of the work. This will be an extension of the division of markets, for which congress provided last year and which was to study the marketing and distributing of farm products.

Secretary Houston, deciding that the work should be broader, has accepted an offer from the general education board, which has co-operated with the department for several years in its farm demonstration work, to do likewise in the problems of rural organization service.

AIM AT HIGH LIVING COST

National Conference on Marketing Farm Products Opens in Chicago.

Chicago, April 8.—Declaring that the consumers pay too much for farm products and that the farmer does not receive a compensation commensurate with the service which he renders the public, the first national conference on marketing of farm products began here today.

The whole subject will be discussed authoritatively, remedies considered and a national organization formed to "redirect economic forces and readjust the farming population to harmonious relations with the business world," as the program put it.

In other words, the conference is designed as a skirmish line leading an attack on the high cost of living.

Accepts City Bonds in Flood District.

Washington, April 8.—Secretary McAdoo of the treasury department will deposit \$2,000,000 in the national banks of Dayton, O., to relieve the money shortage resulting from the flood, accepting government, state, city and county bonds as security. This will be the first time since 1908 that the government has accepted as security for deposits bonds other than those of the United States.

Kindness Brings Him \$500.

Racine, Wis., April 8.—For assisting a well dressed stranger two years ago, Frank Rowe, a teamster, received a check for \$500 from the estate of the stranger, who left the amount in his will to the good natured man who helped him to a train when he had been drinking in Racine with a party of friends. Rowe did not know the man's name until the check was received.

Kills Officer; Frees Friend.

Chicago, April 8.—James Younkis, a special policeman at Phoenix, Ill., a short distance from Harvey, was shot and fatally wounded by an Italian, who escaped. He had arrested an Italian and was taking him to the lockup, when a fellow countryman, who had been following the policeman and his prisoner, shot Younkis in the back. The policeman died a short time later.

Bourne Divorce is Filed at Portland.

Portland, Ore., April 8.—Mrs. Elizabeth Little Bourne filed suit for divorce in this county against former United States Senator Jonathan Bourne, Jr., alleging cruel and inhuman treatment as her general grounds.

Fire at Springfield, S. D.

Springfield, S. D., April 8.—Fire in the business district caused loss of over \$60,000, the flames destroying J. L. Turner & Co.'s general merchandise store and Holland's hardware store.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meeteetse, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It toned up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it. It may be just the medicine you need.
